
Motto

"We are your Partner in Business
with the Horizon placed in Friendship"

Vision

To be Globally recognized Engineering
Consulting firm, as trusted Partner, in the
duty to provide an integrated technical
solutions for enduring structures
in response to society needs.

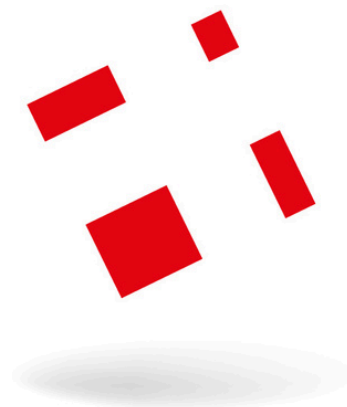

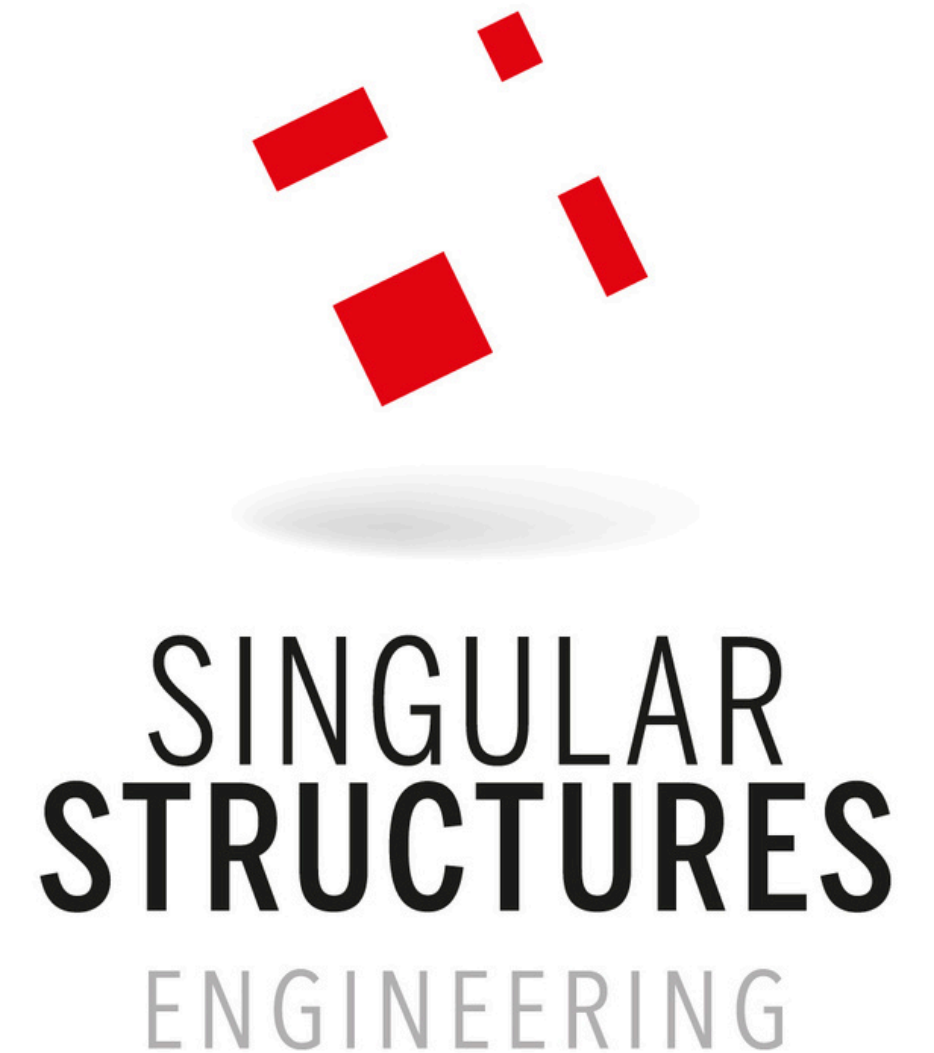

Mission

We work as peer colleagues, applying our
international experience and advancing our
technical skills through innovation across
the entire heavy civil infrastructure life cycle
to deliver excellence in safety, integrity,
serviceability, durability, and societal growth.

"Mettere Il Cuore"

*There is no better
moment than now;*

*We commit our full
passion and intellect
to every single task.*

Values

I. The Context:

- 1. Serve the Common Good:** Our ultimate purpose is to apply our gained structural expertise for the benefit of the society by ensuring the safety, integrity, serviceability and durability of infrastructure.
- 2. Embrace Shared Mission:** Our professional excellence is defined by combining our deep technical expertise with a shared understanding of the project's real-world constraints and goals.
- 3. Proactiveness:** Reality is complex and overwhelming; we are not passive observers of circumstances; reality is claiming for action; we shall be active participants and ultimately contributors to the solution.

II. The Execution: Teamwork

- 4. Work as Platform of Friendship:** Work is the platform through which we forge our friendship; our work is the shared space and time of our lives, and therefore constitutes a unique place of relationship, both professional and personal, as the unity of the person.
- 5. Trust and Rest in Team's Company:** We find our comfort in the trust of companion at Singular Structures Engineering; we are confident that the work will be performed by peer companion.
- 6. Foresight and Solution Driven:** We proactively anticipate project needs, driving proposals and discussions to control work timelines and program that will ensure a calm, more predictable working environment.

III. The Person: Communication and Growth

- 7. Trust Through Transparency:** We speak freely and openly, acknowledging our strength and limitations, and clearly stating what does and not concern us. We are unique Human Beings and therefore genuine and gifted.
- 8. Humility and Correction:** We foster a culture where, when necessary, we acknowledge mistakes and proactively fix them, moving on, to ensure focus.
- 9. "Mettere Il Cuore"** (E. Piccinini, Italian Surgeon): There is no better moment than now; we commit our full passion and intellect to every single task.
- 10. Learning Through Others:** We uphold the principle that one learns from another; every interaction is an opportunity for collective growth.
